DETAILED ACTION

1. This is in response to the applicant's response received on 02/23/05 in which claims a terminal disclaimer was presented.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Norman Zivin on 05/06/05.

The application has been amended as follows:

IN THE SPECIFICATION:

a) line 8 of the abstract, "is provided" has been deleted.

REASONS FOR ALLOWANCE

3. After further search and thorough examination of the present application and in view of the Applicant's terminal disclaimer and amendments, claims 30, 32-38, 40-45, and 47-50 are found to be in condition for allowance over the prior art made of record.

4. The following is an examiner's statement of reasons for allowance: Applicant teaches a computer system for allowing a user to complete a secure transaction, which includes a data processor in communication with a card reader, wherein an application program resident on the data processor, the application program being configured to automatically prompt the user to enter the authentication information for comparison with the authentication information stored on a data card, in order to authorize the user following a match thereof to complete the secure

transaction over the network using the information specific to the user, wherein upon an initial use of the data card the user is prompted to initiate the data card by inputting the authentication information and the personal information into the data processor for storage on the data card. These limitations in conjunction with other limitations of the dependent and independent claims were not shown by, would not have been obvious over, nor would have been fairly suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
